Dana Aftermarket Showcases Spicer®, Victor Reinz® Brands at Automechanika Johannesburg 2017

Dana will showcase a robust range of Spicer® and Victor Reinz® technologies, including a complete set of driveline and sealing solutions for off-highway, commercial, and light vehicles during Automechanika Johannesburg 2017, Sept. 27-30. The event is South Africa's leading international trade fair for the automotive service industry, targeting trade visitors from the sub-Saharan Region.

Dana plans to display its premium aftermarket products that achieve high-quality and top performance standards for original equipment solutions. Specifically, the company will display Victor Reinz® products including cylinder-head gaskets, sealants, valve cover gasket sets, integrated oil seals, and more as well as Spicer® axle, transmission, and driveshaft components. Dana representatives also will be on-site to highlight the advanced technology features of the products for those interested in learning more about the wide range of products.

As a key automotive aftermarket supplier in South Africa, Dana continues to grow its presence in the versatile, cost-conscious region, providing the market with necessary products for the right price. By closely monitoring the needs of the South African automotive industry, Dana constantly works to be the first supplier to provide the market with aftermarket components to meet regional needs.

Automechanika is the world's leading brand among business-to-business automotive trade fairs. This year, more than 600 exhibitors from over 20 countries will present innovations and solutions for the automotive market, from Sept. 27-30, 2017 at the JHB Expo Centre in Nasrec,
