## Dana Spicer® Parts Now Available on TecDoc

Dana Aftermarket Group is pleased to announce Spicer® parts are now available on TecDoc, offering global customers the opportunity to view and order Dana's trusted parts from the TecDoc database. As the leading cross-manufacturer product and vehicle database available in the aftermarket, TecDoc is the ideal platform for Spicer customers to easily access and order parts as needed. This new addition to TecDoc complements the Victor Reinz® and Glaser® parts already offered through the database.

Many driveshaft products, including u-joints and center bearing assemblies, are currently offered, with the entire Spicer® product line coming soon. Customers are able to search by part numbers or vehicle model. Information will be available for multiple vehicle models, including brands from Dana customers such as Iveco, Mercedes, Nissan, Toyota, and Volvo. For more information about the Spicer offerings in the TecDoc catalog, visit <http://www.tecdoc.de/en>.
